

important notice

price increases: partition & metal system products

Following price increases in raw materials and energy costs we have been informed of various price increases from a number of suppliers. We regrettably have no alternative but to announce the following price increases and amendments:

Product Group	Increase	Date of Increase
Speedline Metal Systems	20%	1st April 2008
British Gypsum Gypframe Metal	15%	1st April 2008
Metsec Steel Framing System Products	7%	1st April 2008
Lafarge Metal Systems	15%	1st April 2008
Knauf Metal Systems	15%	1st April 2008
Expamet Beads & Accessories	15%	1st April 2008

Tenon Aluminium Sections (all systems except Fire & Sound/Flexplus white & grey)	5%	1st April 2008
Tenon Aluminium Sections (Fire & Sound/Flexplus white & grey)	up to 5%	1st April 2008

As a result of increased volumes we have made manufacturing savings on key Flexplus and Fire & Sound White & Grey sections. This has enabled us to restructure prices on the most popular sections as part of this price review, and we are therefore pleased to announce reduced prices on key White and Grey sections, maintaining Tenon's commitment of delivering excellent value for money.

Tenon Galvanised Steel Components	20%	1st April 2008
Tenon (non aluminium components)	5%	1st April 2008
Tenon Scion	5%	1st April 2008
Laminate Skirting	5%	1st April 2008
Doors & Joinery Services	5%	1st April 2008
Ironmongery	approx 10%	1st April 2008
Wallcoverings	approx 7%	1st April 2008

Raw material prices in the steel market are currently extremely erratic. All manufacturers have indicated that there may be further price increases during the remainder of 2008. We will, of course, keep you advised of these changes as soon as we are notified by the manufacturers.

If you require the new list prices for specific products affected by the changes above, please contact your local CPD branch.

Yours faithfully

George Appleton
Managing Director
