

pricing information

Dear Customer

We are writing to inform you that we have been advised of forthcoming price increases from a number of our suppliers. These changes are due to the inflationary costs of raw materials, currency, fuel and energy which these suppliers are no longer able to absorb. Details are as follows:

Supplier	Product	Increase
effective for all deliveries on or after 14th June 2010

	Plastics	5.0%

Raw material prices in the steel market are currently extremely erratic. Manufacturers have indicated that there may be a further price increase in the next couple of months. We will, of course, keep you advised of these increases as soon as we are notified by the manufacturers.

If you require the new list prices for specific products affected by the changes above, please contact your local branch.

Yours faithfully

Rob Barclay
Managing Director
